Kingsman
Homes

Moorland Lea, Royd Moor Road

Thurlstone, Sheffield, S36 7RD

£1,050,000

It is extremely rare for rural hillside dairy farms, like this, in the unspoilt greenbelt to be developed into housing. After nearly three years in planning the award winning Kingsman Homes have broken new ground and are able to launch this farmyard development of just eight luxury homes built around the existing farmhouse. Each individually designed property is privately gated and has its own character.

Moorland Lea is a truly exceptional five bedroom detached farmhouse (over 2500 square feet plus integral garage over 400 square feet) built off the foundations of an earlier dwelling blending traditional with contemporary set in approximately an acre of grounds on this stunning hillside (a further 4.5 acres available by separate negotiation). The unspoilt views the property enjoy need to be seen to be believed and the layout has been cleverly designed to ensure all the rooms take full advantage of the setting. The well respected Kingsman Homes have finished the home with their signature attention to detail both internally and externally in the first release on this ground breaking rural courtyard development.
